

MACK Companies announces the grand opening of Fay's Point townhomes in Blue Island

MACK Companies announces the grand opening of Fay's Point townhomes now for sale in Blue Island. Tours are available by appointment.

MACK Companies has announced the grand opening of Fay's Point, with the first group of five luxury townhomes now available for sale in a waterfront Blue Island setting. More townhomes will be ready for sale soon, and future development of additional townhomes is being planned.

Located on a 40-acre peninsula formed by the Little Calumet River and the Calumet Sag Channel, townhome residents will enjoy 1.5 miles of walking paths, direct access to Fay's Point Marina and resident-only access to a private marina patio. Boat slips are available at the marina.

Prospective buyers can make an appointment to visit the townhomes, which feature three stories of gracious living space in both middle or end locations. Prices for two-bedroom townhomes start at \$194,900 and for three-bedroom townhomes at \$224,900. The townhomes include private balconies and heated two-car attached garage.

“Homebuyers will find both the location and the spacious, well-appointed townhomes an ideal blend of quality and comfort in an uncommon setting with nautical amenities,” says Tara Soderstrom, director of Marketing for MACK Companies. “Those who act now can be among the first to enjoy these townhomes offered by one of Chicagoland’s leading real estate developers.”

The present group of five townhomes have 2.5 baths, open concept living and dining rooms on the main level served by a kitchen with stainless-steel appliances, granite countertops and access to the balcony. A powder room completes the main level. Upstairs, two or three bedrooms include a luxurious master bedroom with a large walk-in closet and bath with Jacuzzi tub and double vanities. Two other oversized bedrooms are served by a hall bath. Professional landscaping accents the impressive exteriors.

Blue Island is a community with a long history of commercial and cultural activities and it still attracts residents who appreciate its diverse character and easy access to the Chicago Loop, with its many entertainment venues and special events. The community continues to be a blend of historic buildings and traditions, along with opportunities for those who are seeking newly constructed residences in a vibrant, convenient area.

To visit the townhomes at Fay’s Point, call Nelson Derbigny of Oak Park Avenue Realty at 888-469-1854, or email nelson.d@oakparkavenurealty.com. The townhomes are on Broadway, off I-57 and 127th Street.
