*100% refundable if application is not approved

rentMACK

■ Does rentMack screen based on credit score and criminal record?

rentMACK does not screen strictly based on applicant's credit score. We understand that there is more to an applicant than a number - and so we consider every applicant for a rentMACK home. The things we will deny applications for are as follows:

- If an applicant has an eviction within the past 10 years
- If an applicant is a registered sex offender
- If an applicant has had more than two misdemeanor charges in the past 10 years
- If an applicant has been charged with any type of theft, arson, or sex crime
- If an applicant has been charged with a felony
- If the applicant's take home pay does not meet a 3 to 1 requirement (meaning an applicants' monthly take home pay must be equal to 3 months rent)

■ If you have a specific questions regarding your application, please contact your leasing agent directly:

Leasing Agents:
